\* Class F in First Class applies to flights operated by American Airlines and British Airways.

\*\* The minimum Avios are the Avios that you will earn at the very least, depending on the booking class, when you take a flight of less than 500 air miles.

\*\*\* Class G will not generate Avios in the case of Avios reward flights.

\*\*\*\* Classes Q/O/A are considered Discount Economy and generate 0.25 Avios per mile flown, with the exception of routes to Central and South America, which generate 0.5 Avios per mile flown.

## Collecting Avios on air shuttle flights (one way)

## Platino, Oro and Plata Bonus

BONUS PER CABIN	AVIOS
Platino Card:	100%
Oro Card:	50%
Plata Card:	25%

The Elite bonus is an additional number of Avios awarded to Elite Platino, Oro and Plata cardholders.

With the Platino, Oro and Plata bonus, you will collect extra Avios based on your card level on flights with the Iberia code.

For Flexible Economy, Premium Economy, Business and First Class, this bonus will be applied by multiplying the percentage by the actual number of miles flown (or by a minimum of 500 miles for flights shorter than this).

For Discount Economy it will be applied by multiplying the percentage by the number of basic Avios earned for the flight (without promotions and applying the minimum Avios where applicable).
